

**Discussion Group on**  
***Projection and Re-Collection in Jungian Psychology:***  
***Reflections of the Soul***

By Marie Louise von Franz

A classic in the Jungian literature that at its most basic level provides a map and guide to the recognition and reclaiming of projections. More broadly, this book explores the Jungian foundation to consciousness and the collective unconscious.

This discussion group will meet on the third Sunday of each month from 10 AM to 12 PM and will be facilitated by Jeff Pinnette. The format will be to read one or more Chapters each month prior to the discussion group as shown in the syllabus. Key passages will be read again during the session so that it will be possible to not keep up with the reading, but still participate in a meaningful way in the discussion. The schedule for meetings and reading assignments is as follows:
